*If your daughter or son has enjoyed summer camp, perhaps you would consider
The Coconut Grove Playhouse Drama class for young people,
beginning Saturday, September 27, 1997*

We created what you are about to see from scratch. We read and chose stories, improvised them and scripted them. Our costumes, too, were created by us. Many of the stories speak of journeys, rites of passage and the importance of creating together. These are the lessons we share and take with us!
